Dear Friend,

Your generous gift of \$100 in November 2016 will help St. Jude Children's Research Hospital in our mission to save the lives of children like Cheyanne. Precious Cheyanne was diagnosed with a deadly brain cancer called medulloblastoma at just 5 years old, and St. Jude doctors placed her on a treatment plan of radiation therapy and chemotherapy to try and save her life. And thankfully, Cheyanne is now cancer-free!

Families like Cheyanne's will never receive a bill from St. Jude for anything -- not for treatment, travel, housing or food -- because we believe all a family should worry about is helping their child live. Your support gives hope to innocent children like Cheyanne and Lexi, the little girl pictured above. Thank you for caring and God bless your good heart.

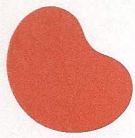

For the children,

Marlo Thomas

P.S. As a special thank you from the children and families of St. Jude, please accept this festive holiday ornament. We hope you think of the St. Jude children when you display it this holiday season.

Los Angeles, CA 90021-1263

Dear Friend,

Thank you so much for your generous gift of \$100.00 to the National Kidney Foundation (NKF). Your donation is already being put to work in the fight against kidney disease.

73 million Americans - 1 in 3 adults - are at risk for kidney disease. The worldwide rise of obesity, diabetes, and high blood pressure has caused rates of kidney disease to skyrocket, making our work more important than ever. NKF is fighting back against this major and growing public health epidemic through a wide array of efforts on multiple fronts that you help make possible.

We have placed a keen focus on public awareness including free kidney health screenings to increase early detection and a teach-the-teacher approach to present educational seminars on kidney disease and its prevention. Your contribution also supports our patient helpline, staffed by specially trained professionals. Through work in Washington DC, we advocate on behalf of patients and their caregivers to protect and expand Medicare coverage. Continuing to place a priority on research, we fund a grant program to advance the science of treatment and to train tomorrow's kidney health researchers. All of this is being done thanks to the generosity of supporters like you.

We'll keep you updated on work that you have helped make possible. We've been in the fight against kidney disease for 65 years and our commitment to the awareness, prevention and treatment of kidney disease has never been stronger.

Sincerely,

Kevin

Kevin Longino
Chief Executive Officer

PS: Visit www.kidney.org/matchinggifts to see if your \$100.00 gift is eligible for a corporate match. Many companies sponsor charitable giving programs and match the contributions of their employees, employees' spouses and retirees. PPS: NKF Kidney Walks are a fun, exciting way to raise awareness and support. Check www.kidneywalk.org for a local Walk near you. Find out about local kidney health screenings at www.kidney.org/KEEPHealthy.

In compliance with IRS regulations, we acknowledge that no goods or services were provided by NKF in exchange for your contribution. The National Kidney Foundation is a 501(c)(3) not-for-profit corporation.

Dear Friends of PKD Foundation:

Thank you for your gift of \$100.00 to the PKD Foundation on 11/4/2016. Your generous support funds the research that will one day lead to treatments and a cure for polycystic kidney disease (PKD).

This is an exciting time for PKD research! Five potential treatments are in clinical trials for PKD, including the repurposing of pioglitazone, a type 2 diabetes drug, partially funded by the Foundation. The others include metformin, niacinamide (vitamin B3), tesevatinib and tolvaptan.

Another important and encouraging recent development was the first ADPKD Biomarker Summit, initiated, sponsored and facilitated by the Foundation. The Summit gave us an opportunity to meet with representatives from eight pharmaceutical companies, regulatory agencies from the U.S., Canada and Europe, and other key leaders to better define the regulatory path to approval of novel therapeutic candidates for treatment early in the course of PKD. Every day brings us closer to a day when no one will suffer the full effects of PKD.

Gifts from donors like you make research possible. Your gifts to the Foundation also help raise awareness of PKD, provide education and support to those living with the disease and their families, and energize our advocacy work.

Thanks again for your support as we work toward creating better lives for people affected by PKD. We sincerely appreciate your gift and look forward to working together to end PKD.

Sincerely,

Benjamin D. Cowley Jr., M.D.
PKD Foundation Board Chair

Dear Doug:

Thank you for your generous gift of \$100.00 to The Leukemia & Lymphoma Society. Your gift supports our research programs and patient support services. It provides the valued resources we depend on to continue our fight against leukemia, lymphoma and myeloma, and to improve the quality of life of patients and their families.

We believe that innovations in blood cancer research hold the keys to curing all cancers. Treatments such as chemotherapy and bone marrow transplantation, originally developed for leukemia, are now standard treatments for many cancers. In addition to research support, we offer support groups, financial aid, information and advocacy programs for patients and their families.

Thank you again for helping our lifesaving efforts and for ensuring that Someday is Today! Your support of our mission is deeply appreciated.

Sincerely,

DeAnn Hazey, CFRE
Executive Director

Sample Czar Inc.
PO Box 36156
Los Angeles, CA 90036

Dear Friends:

It is an honor and a pleasure to thank you for your thoughtful contribution of \$200 to the Breast Cancer Research Foundation.

Built on the belief that funding is the only obstacle between cancer and a cure, BCRF stands today as the largest private funder of breast cancer research worldwide. As you read this note, more than 250 scientists work tirelessly at top-tier institutions across 14 countries and 6 continents, ardently committed to developing new preventative techniques, designing personalized treatments and, ultimately, to finding a cure for this insidious disease.

With grants totaling \$57 million this year alone and a successful track-record of identifying and encouraging the best and brightest minds in the field, BCRF's unique funding model sets the standard in critical cancer research. The leadership of that process is key, and BCRF's esteemed Scientific Advisory Board, comprised of internationally recognized and disciplinarily diverse scientists, ensures that our global brain-trust of grantees are aggressively tackling breast cancer from every angle.

BCRF is a careful steward of your generosity, keeping administrative costs as low as possible. Currently, 91 cents of every dollar directly supports our mission. As a result, BCRF is the highest rated breast cancer organization in the country – the only one to hold an A+ from Charity Watch along with the top 4-star rating from Charity Navigator.

With your support, every hour of research we fund improves outcomes and saves lives. Most recently, innovative genetic tests have been developed to determine personalized treatment plans based on specific tumor types, sparing countless women from the devastating side effects of chemotherapy. But there is more to do. The thousands of women and men suffering from breast cancer today depend on us. Together, we will continue to break new ground and propel research forward, faster.

Thank you again for your confidence in BCRF and your vital support of our mission to *be the end*.

With warm wishes for a happy and healthy holiday season,

Thank you!

Dear Sample Czar Inc,

Thank you for your recent gift of \$100.00 to help save lives from cancer.

More people are surviving cancer today than ever before, and continued advances in prevention, early detection, and treatment promise greater hope for the future. Your donation makes our work possible.

Your generosity is helping us invest in groundbreaking cancer research to better understand, prevent, find, and treat the disease; provide free, comprehensive information and support to those facing cancer when and where they need it; and educate people about steps they can take to help reduce their cancer risk or find it early, when it's most treatable.

Thanks to continuing support from caring donors like you, we are working to eliminate cancer as a major health problem. Contributions like yours have enabled us to help save more than 1.7 million lives in the United States in the past two decades. Together, our continued efforts are working to prevent even more cancer deaths, as well as continue to improve the lives of individuals with cancer.

To learn more about our lifesaving mission, how you can get involved, or how we can help you with any cancer questions or concerns, call 1-800-227-2345 or visit cancer.org anytime, day or night. Thank you for your support.

American Cancer Society Patient Programs and Services

We offer information and support where and when you need it. We also have programs and services to help you manage cancer treatment and recovery and find the emotional support you need. And best of all, our help is free.

Trained cancer information specialists are available 24 hours a day, seven days a week, to answer questions and link callers with resources in their communities and nationwide.

We connect people with cancer information, a clinical trials matching service, health insurance assistance, cancer information, transportation and lodging requests — or just a compassionate ear. We respond to about 800,000 inquiries a year via phone and chat in multiple languages.

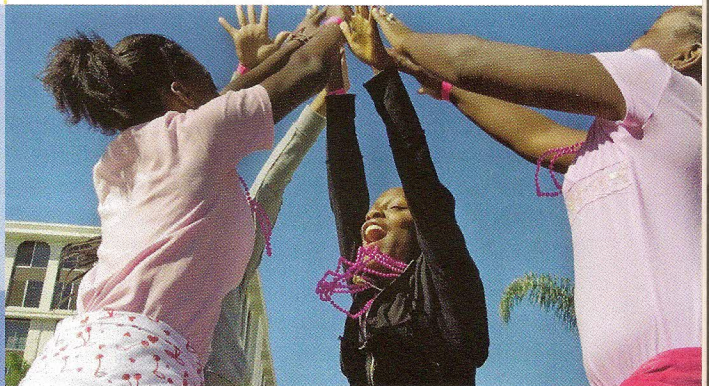

For answers, care, and support, visit cancer.org or call 1-800-227-2345 anytime, day or night.

December 22, 2016

Sample Czar Inc
PO Box 36156
Los Angeles, CA 90036

Dear Friends:

On behalf of the thousands of cancer patients and families who have been and will be helped by donations, we want to thank Sample Czar, Inc. very much for making a generous donation in honor of Bryce Nelson in the amount of \$100.00 on 12/2/2016. We are honored by the faith in our cancer research and cancer care this support symbolizes.

We are close to completing construction on the Primary Children's and Families' Cancer Research Center. This expansion will allow us to increase our focus on childhood cancers and cancers that run in families even more. This new space is specially designed to:

- Study the leading causes of disease death in children: leukemia, sarcoma, and brain cancer.
- Increase knowledge about cancers that run in families.
- Speed the discovery of new treatments for all cancers.
- Improve the long-term quality of life for cancer survivors.
- Provide world class training opportunities for the next generation of cancer researchers.

Thanks to research, in the past four decades, there has been a 200% increase in the cancer survivor rate. However, as our population grows and ages, cancer diagnoses also continue to grow. By the year 2026, there will be 20 million people who have been diagnosed with cancer in the United States.

We feel optimism about the eradication of this dreaded disease thanks to supporters like you. Since our founding in 1995, more than one million people have donated to help make Huntsman Cancer Institute (HCI) what it is today. HCI leads the world in the discovery of hereditary genes that increase cancer risk, and our breakthroughs in cancer genetics allow us to prevent some cancers altogether, and to diagnose cancer in its earliest, most-treatable stage. The world is taking notice of the strides we are making. In the *Best Hospitals 2016-17 US News & World Report*, we earned perfect scores for patient survival, for the technologies we use to treat cancer, and for the services our patients receive. We are in the top 1% for patient satisfaction.

We are proud to count you as our partner and friend in the quest to end cancer. Today, we give thanks to you for your generosity.

Warm regards,

Susan Sheehan
President & COO

The National Patient Organization Dedicated to Advocacy, Education and Research for Primary Immunodeficiency Diseases

December 27, 2016

Sample Czar
PO Box 36156
Los Angeles, CA 90036

Dear Friends,

Your recent gift to the Immune Deficiency Foundation (IDF) is deeply appreciated. On behalf of the primary immunodeficiency (PI) community, please accept my sincerest thanks. Because of your generosity, IDF can continue to advance its mission of improving diagnosis, treatment and quality of life of persons with PI through advocacy, education and research.

Patients and family members turn to IDF for important resources that simply would not exist without philanthropic support. Our programs have helped improve lives and connect those living with PI, and our materials offer information and guidance about patient care, health insurance, life management and more. Our advocacy initiatives promote healthcare legislation and policies that positively affect research and medical programs that improve diagnosis and treatment, and our survey research findings are used worldwide.

By giving to IDF you make a significant impact on the PI community. Thank you again – you are truly a partner in the vital work we do. Please let us know if we can ever be of further assistance to you.

Sincerely,

Dear Society Friend:

On behalf of the more than one million Americans who are fighting blood cancers, I want to sincerely thank you for your contribution of \$100.00 on December 7, 2016.

We've made so much progress since The Leukemia & Lymphoma Society was founded... when we said that someday we would help find cures for blood cancers. Now, we're closer than ever to making someday *today* because of your generous gift.

It is only through the kindness and compassion of people like you that we are able to fund innovative research into better treatments and cures. And it is thanks to your generosity that patients and their families can count on information, education, services and support during some of the most difficult days of their lives.

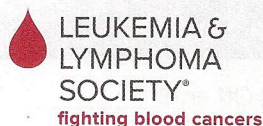

With your support, we can help create a world without blood cancers, not someday... but today. We are truly grateful for your donation.

Gratefully,

Louis J. DeGennaro, PhD
President & Chief Executive Officer
The Leukemia & Lymphoma Society

Dear Founder,

Thank you for your recent gift of \$100 on September 27, 2016! The ASPCA works every day to save animals' lives, and we could not do it without your generosity. Each contribution to the ASPCA means aid for homeless, neglected and abused animals all over the United States.

In January, the ASPCA assisted in the rescue of 700 neglected animals from The Haven, a self-described animal rescue in Raeford, NC. 700 animals—including dogs, cats and horses—were removed from filthy kennels, cages and outdoor pens on the sprawling 122-acre property. At this unlicensed facility, many of the animals were suffering from untreated medical issues, open wounds and emaciation. For nearly two months, dedicated responders cared for these animals at the ASPCA's temporary shelter, providing medical assessments, behavioral enrichment and much-needed attention. Then in March, we received the greatest news: they were ready for adoption. In just two days, every single adoptable cat and dog found a home.

Without you none of this would be possible. Thank you for not only being a member but a friend of the ASPCA. I hope you'll reach out with any questions, including details on exclusive Subaru VIP offers just for our Founders! You can reach us at (212) 876-7700, ext. 4511 or by email at founder@aspca.org. We can be there for them, because we know that you are here for us.

Sincerely,

Valerie Vierengel
Director, Founder's Society

Your entire contribution may be deductible for federal income tax purposes because the ASPCA provided no goods or services as consideration, in whole or in part for your contribution.

The ASPCA federal tax identification number is 13-1623829.

Dear Sir/Madam:

I would like to take this opportunity to thank you for your recent gift of \$100.00 on September 16, 2016 to the American Foundation for the Blind (AFB). Your generous support of the work that we do is truly appreciated.

For almost a century, AFB has continued the work and kept alive the legacy of Helen Keller by focusing on the needs of people who are visually impaired. From education to technology to advocacy, none of what we do would be possible without the support of our friends, people like you who believe that everyone deserves the same opportunities to live life to the fullest.

On behalf of the AFB family and the over 21 million Americans living with vision loss, I thank you for your ongoing support and friendship.

Best regards,

Kirk Adams
President & CEO

No goods or services were received for this contribution. AFB is a registered 501(c)(3) not-for profit organization, EIN/tax ID 13-5562161.

The statistic in this letter regarding Americans with vision loss was taken from the National Health Interview Survey (NHIS), Centers for Disease Control, 2014.

Dear Friends:

Please accept my appreciation for your recent gift to the Fred & Pamela Buffett Cancer Center Programs of Excellence Fund at the University of Nebraska Foundation. Your official receipt is provided below.

The Fred & Pamela Buffett Cancer Center is providing leadership in a revolutionary period of cancer research as our specialists enter an era exploding with knowledge about the genetic mutations of cancer tumors. Cancer Genomics is the future in therapy for all types of cancer at all stages of diagnosis and care. These discoveries will provide the specific road maps for personalized and precision treatment for each person's particular cancer. With investments such as yours in the vision of establishing a world-class center for research and care, The Fred & Pamela Buffett Cancer Center will deliver the most advanced cancer care possible.

Thank you again for your gift. If you have any questions, please do not hesitate to contact Nadia McDonald Devitt at 402-458-1127 or nadia.mcdonald@nufoundation.org.

Sincerely,

Brian F. Hastings

RECEIPT

Thank you!

Dear Sample Czar Inc,

Thank you for your recent gift of \$200.00 to help save lives from cancer.

More people are surviving cancer today than ever before, and continued advances in prevention, early detection, and treatment promise greater hope for the future. Your donation makes our work possible.

Your generosity is helping us invest in groundbreaking cancer research to better understand, prevent, find, and treat the disease; provide free, comprehensive information and support to those facing cancer when and where they need it; and educate people about steps they can take to reduce their cancer risk or find it early, when it's most treatable.

Thanks to continuing support from caring donors like you, we are working to eliminate cancer as a major health problem. Contributions like yours have enabled us to help save more than 1.5 million lives in the United States in the past two decades. Together, our continued efforts are working to prevent even more cancer deaths, as well as continue to improve the lives of individuals with cancer.

To learn more about our lifesaving mission, how you can get involved, or how we can help you stay well and get well, call 1-800-227-2345 or visit cancer.org anytime, day or night. Thank you for supporting us in the fight against cancer.

American Cancer Society Patient Programs and Services

We have free programs and services in communities across the country to help cancer patients and their families. Our programs and services offer information, day-to-day help, and emotional support.

Information

Trained cancer information specialists are available 24 hours a day, seven days a week at 1-800-227-2345 to answer questions about cancer, including information on diagnosis and treatment, and to link callers with resources in their communities and nationwide.

Day-to-day Help

We can help patients with everyday needs like transportation to treatment, patient lodging, and financial and insurance questions.

Emotional Support

We can help patients and their families find local support groups, and we offer one-on-one support for breast cancer patients, online cancer education classes, and an online support community created by and for patients and their families.

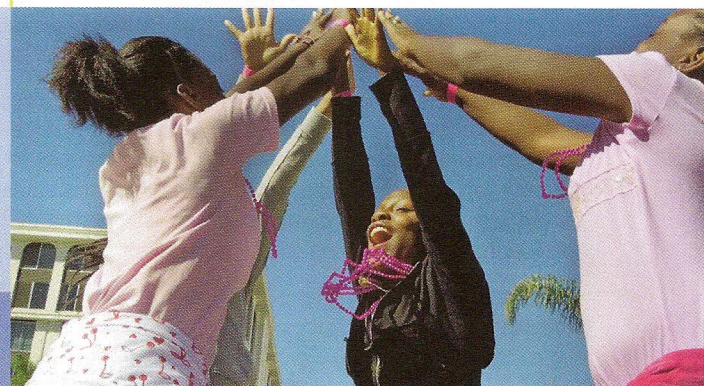

For answers, care, and support, visit cancer.org or call 1-800-227-2345 anytime, day or night.

Your Recent Contribution

Gift date	Gift Amount
08/22/2016	\$200.00

No goods or services were provided for this gift. Your gift is tax-deductible to the fullest extent of the law. Please consult your tax advisor regarding specific questions about your tax deductions

Your recent gift is saving lives. Together, we're helping people stay well and get well, finding cures, and fighting back against cancer.

Los Angeles, CA 90021-1263

Dear Friends,

On behalf of Memorial Sloan Kettering Cancer Center (MSK), I am honored to share our gratitude for the gift of \$100 from Sample Czar Inc to support Fred's Team.

Since 1995, Fred's Team has raised more than \$65 million in support of lifesaving research at MSK. This research has led to important breakthroughs to bring forward new and better treatments—helping not only our patients, but men and women around the world fighting these difficult diseases.

Please know that your generosity makes substantial progress possible. You are seeding innovation and speeding translation of discoveries from the laboratory to the clinic.

We rely on the generosity of friends, like you, who recognize the importance of our mission. Thank you for standing with us.

Sincerely,

Richard K. Naum
Senior Vice President, Development

Dear Sample Czar Inc.,

Thank you for your generous donation of \$200.00 on August 18, 2016 to Texas Hope Literacy. Because of your partnership with Texas Hope Literacy in 2016 we are able to provide workforce development, computer education, spiritual, self-growth and substance abuse education. These are critical skills needed for the incarcerated to transition from the correctional facilities back to their communities.

We look forward to your continued support and sharing the organizations success with you in the future.

Sincerely,

Mia Green
Executive Director

Dear Community Partner,

Thank you so much for your recent gift of **\$100.00** in support of blood cancer research in reference to check # 6253. We appreciate this generous investment to end blood cancers and the trust in our organization that your ongoing support represents. Gifts like yours truly help our patients, like our friend Avery pictured above.

LLS plays a critical role in aligning all stakeholders in the treatment "ecosystem" – including academic researchers, physicians, FDA, and third-party payers– to ensure that patients benefit from promising therapies as quickly as possible. We also provide comprehensive information and support for patients and families through our Information Resource Center, co-pay assistance program, support groups, clinical trial information, educational materials and free, live telephone and web education programs.

We are on the threshold of more real breakthroughs, new healing therapies once thought impossible. And because every dollar we invest in patient services and research comes from forward-thinking donors, we could not make progress without you.

We would love the opportunity to meet you, hear about your connection to the mission, and update you on our progress. And please don't hesitate to let us know if we can be of help to a loved one battling blood cancer.

Relentless for cures,

Teri Cannon
