Dear Friends:

Thank you for your thoughtful gift to the Fred & Pamela Buffett Cancer Center Programs of Excellence Fund at the University of Nebraska Foundation. Your official receipt is provided below.

Cancer research has advanced substantially in recent decades, and with each new discovery, individual lives are changed — and saved. The University of Nebraska Medical Center and Fred & Pamela Buffett Cancer Center are providing critical leadership in cancer treatment, particularly in the field of genomics where some of the most promising therapies are being developed. Enhancing our knowledge and understanding of genetic mutations in cancer tumors will allow us to develop precision treatments that minimize the impact of cancer and bring us one step closer to finding a cure. Your investment helps make this critical work possible.

Thank you for your support. If you have any questions, please do not hesitate to contact Nadia McDonald Devitt at 402-458-1127 or nadia.mcdonald@nufoundation.org.

Sincerely,

To Whom it May Concern,

Thank you for your donation of \$100.00 to Families First Health & Support Center, received on February 14, 2017, on behalf of Ronda MacLeod.

Last fiscal year, we provided affordable health and dental care and family support services to almost 6,400 adults and children. Your donation ensures continuity and quality of care to our Seacoast community. I wish you could hear the stories from the people you've directly helped through your support. Here are just a few excerpts from the many testimonials and words of gratitude we received over the past year.

Families First's Suboxone program has saved my life. It has saved a family from a lifetime of shame and hopelessness. ~ Dawn

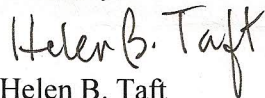

The doctors and staff have seen me through years of adjustment to disability, and how to work to live better in spite of it. ~ Judy

Families First has been the single best resource for me since I had my first child. It gave me a reason to leave the house and helped me create a network of amazing parents. Coming here has been a bright spot in my life for the past five years. ~ Lauren

People don't realize that when you go through trying times you lose yourself in them, not because things start to get hard, but because you are viewed and talked to in a dehumanizing way. Families First treated us like human beings who are having a hard go of it. They have helped us in many ways, and they have changed our lives. ~ Robert

Thank you for helping us to change lives.

Honor Your Loved Ones

Most of us know someone who has had cancer, Or perhaps you have battled this disease yourself.

Story by story, person by person, the American Cancer Society Mosaic is capturing **your courage** - and the courage of your loved ones - to join with a larger "mosaic" of hope for a world in which cancer no longer threatens those we love.

When Fe's mom was diagnosed with colon cancer, Fe created a Mosaic page to honor her spirit. Fe writes,

"It is almost unfathomable that such love, bravery, and vigor for life can be contained in any human being, let alone such a petite woman."

Fe's Mosaic page has raised more than \$1,200 to fight cancer - and allowed friends to **celebrate** her mom and share how much she means to them.

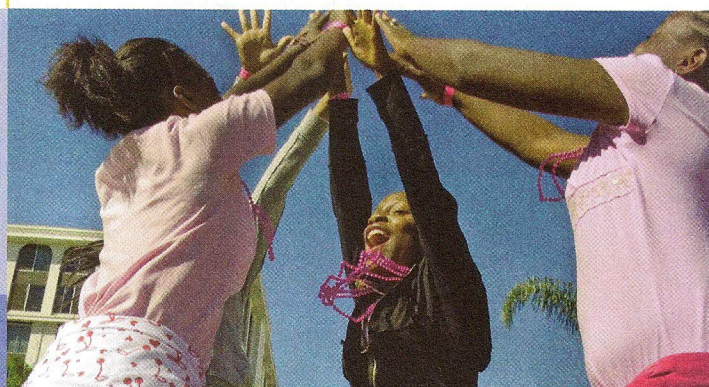

To honor the cancer fighter in your life, visit Cancer.org/mosaic to create your page today. It takes just a few moments to set up your page, but the memories and tributes are timeless.

Your generous gift of \$100 in May 2017 will help St. Jude Children's Research Hospital in our mission to save the lives of children like 6-year-old Natalie. She was diagnosed with rhabdomyosarcoma -- a soft tissue cancer -- and St. Jude doctors placed her on a treatment plan of chemotherapy, radiation therapy and surgery to try and save her precious life.

Families like Natalie's will never receive a bill from St. Jude for anything -- not for treatment, travel, housing or food -- because we believe all a family should worry about is helping their child live. Dear Sample Czar Inc.,

Thank you so much for your recent gift of \$800.00 on Wednesday, May 31, 2017 to support the BCO CARE Fund of Breastcancer.org, a 501(c)(3) tax-exempt, publicly supported organization.

For over 16 years, Breastcancer.org has fulfilled our mission to help each woman diagnosed with or at risk of breast cancer get the **best care first**, so she can live a full and fulfilling life.

Last year we helped nearly 19.4 million women like Jenn, who sent us this note:

*"I just wanted to give a big THANK YOU to BCO. This site has helped me tremendously over the last several years. It has given me the support I've needed, suggestions and information about this disease that I didn't know. **Thanks to this site, I feel more educated and able to understand what my oncologist is saying when we discuss surgeries, chemo, radiation, etc.**"*

These women and their loved ones can't wait for a cure tomorrow. They need help now, and your donation allows us to provide our services completely free of cost. Every \$1 we raise helps 3 women get the information and support they need to make the best decisions for their lives.

Thank you again for your wonderful donation. The support of generous people like you has allowed us to help millions of people like Jenn and will help us serve millions more this year.

With sincere gratitude,

Dear Mr. Lowell,

Thank you so much for your generous donation of \$300.00 to SHARE on 05/24/2017, on behalf of Terry and Jim Januzzo.

For more than 40 years, SHARE has been an important resource providing support and information to women affected by breast and ovarian cancers. We believe no one should have to be alone on their cancer journey. Your gift makes it possible for us to encourage and empower women experiencing these diseases. SHARE provides crucial support by connecting women with survivors through our helpline and support groups and helps them take control of their health through our educational programs and webinars, all free of charge.
