Mr. Douglas Lowell

Old Lyme, CT 06371-2323

Dear Mr. Lowell,

Thank you for your recent gift to the patients of Scottish Rite Hospital for Children in honor of Autumn Lewis.

Founded in October of 1921, our hospital has evolved from a small clinic that provided care without charge to children with polio into one of the world's leading centers for the treatment of orthopedic conditions, sports injuries and learning disorders, like dyslexia.

As we approach our 100th year of caring for kids, we are especially grateful for your support which allows us to serve our patients and their families regardless of ability to pay. Thanks again for helping us fulfill our remarkable mission and allowing us to be champions for children for 97 years...and counting!

Sincerely,

Dear Sample Czar,

On behalf of the Lung Cancer Research Foundation (LCRF), thank you for your generous contribution of \$200.00 received on July 13, 2018 for Denise Cutlip's community fundraiser, benefiting the Free to Breathe event program. With help from donors like you, we are making great headway in the fight against lung cancer, the leading cause of cancer death worldwide.

Although lung cancer is the number one cancer killer in the world, per death, lung cancer is the most underfunded type of cancer. LCRF supports innovative, high-reward research that might otherwise go unfunded. Our organization was founded with the intent to fund science that would help prevent, treat and cure lung cancer so others' loved ones wouldn't be lost.

There has been tremendous progress in the field of lung cancer research and we hope to continue this momentum as we work to eradicate this deadly disease. To date, LCRF has funded 348 research grants, totaling \$31 million, the highest amount provided by a nonprofit organization dedicated to funding lung cancer research.

Please accept my thanks and appreciation for your important support.

Sincerely,

Delia Naughton, LMSW

EVP, Business Development

On September 30, 2017, the Lung Cancer Research Foundation (LCRF) and Free to Breathe (FiB) merged to further our impact on lung cancer research discoveries. LCRF's name will be retained to best reflect our shared mission: to improve lung cancer outcomes by funding research for the prevention, diagnosis, treatment and cure of lung cancer.

Dear Friends,

Thank you so much for your generous contribution of \$200.00 to The Fisher Center for Alzheimer's Research Foundation received on 7/10/2018. This contribution is supporting the top rated Alzheimer's foundation in the country, not only for the novel research of Nobel Laureate Dr. Paul Greengard, director of the Fisher Center Lab, but also for its exceptional 4-star rating from Charity Navigator for the seventh year in a row.

The 4-star rating shows donors how efficiently Charity Navigator, an independent evaluator of charities, believes The Fisher Center has sustained its programs and services over time and its level of commitment to good governance, best practices and openness with information. It further indicates that the Fisher Center exceeds industry standards and outperforms other charities working on our cause.

We also launched in early 2015 a new ALZinfo.org that offers easier access to critical information for all stakeholders and a way to connect to a robust community of medical professionals, caregivers and other family members via all social media platforms.

Current estimates project the number of people to be diagnosed with Alzheimer's disease to double worldwide by 2030, making it a critical public health concern that affects every part of the globe, and every gender, ethnicity and socio-economic bracket. At our Fisher Center lab, we are pursuing promising new research findings and have great hope to be able to counter this trend.

Your contribution will help Dr. Greengard and his team of more than 50 world-renowned scientists carry on groundbreaking research that is changing the course of Alzheimer's investigations worldwide.

You can be confident that your contribution is effectively and efficiently being used in a relentless pursuit of new treatments and a cure for this devastating disease.

Sincerely,

Dear Friends,

Did you know your support of Make-A-Wish® America goes deeper and more far-reaching than one wish experience? Thanks to your recent gift, you are a hero to children across the country who are battling a critical illness. ***Your support not only transforms the lives of wish kids – but all those involved in the wish experience. As a donor, I've seen firsthand the power of pure joy when I helped grant Eli's wish.***

I'm a huge Boston Red Sox fan. So when I made the decision to sponsor a wish, I wanted it to be one close to my heart. Right around that time, I learned my grandfather was diagnosed with leukemia. I was heartbroken. Then I heard about Eli, an 11-year-old battling leukemia who wished to meet first baseman Dustin Pedroia. I knew it was kismet; I was meant to help this child have a life-changing experience. ***Little did I know, Elijah's wish would also transform my heart, as well.***

Make-A-Wish ensured Eli had a wish of a lifetime. From one-on-one time with Dustin and receiving cool Red Sox gear to batting practice with the players, Eli's experience was epic. The icing on the cake was when Eli met Dustin's eldest son Dylan, who offered to throw batting practice with Eli. Eli couldn't have said, "Yes!" faster!

Although I wasn't at his wish experience, I got an incredible note from Eli's parents after his wish sharing the impact it had on Eli's treatment ... his wish helped him continue fighting. At that moment, it became super emotional and real for me. My grandfather smiled ear-to-ear when I excitedly shared the wish story with him – it struck a chord.

Today, both are cancer-free, and we look to the future ... all because a wish transformed our lives. For Eli, it gave him strength. For my grandfather, it gave him hope. For me, it gave me joy. On behalf of Make-A-Wish and the thousands of children who will have their wishes granted this year, we extend our sincere gratitude for your generous support. Thank you giving strength, hope and transformation.

Sincerely,

Dear Friends,

On behalf of the National Multiple Sclerosis Society, Southern California & Nevada Chapter, please accept my sincerest thanks for your contribution of \$200 received on 6/11/2018. Your personal support of the Society is extremely important as we strive to create a world free of MS through efforts to discover the cause, advance therapies and ultimately find a cure for this disease. The National MS Society funds more MS research, provides more services to people with MS, offers professional education, and furthers more advocacy efforts than any other MS organization in the world. All of the Society's research efforts and programs and services are made possible by direct support from private donors, corporations, and foundations.

Currently, the Society invests more than \$4.5 million in critical MS research investigations locally. In fact, the National MS Society is the largest private sponsor of MS research in the world, spending approximately \$50 million annually to support hundreds of MS research grants and training fellowships. Since the Society's founding in 1946 its cumulative investment in research has reached over \$868 million.

While the Society continues to search for a cure, your support also helps the Southern California & Nevada Chapter to provide vital programs and services for people with MS and their loved ones living in our local communities. These programs and services include emotional support groups, peer counseling, therapeutic exercise programs, educational and independent living programs, as well as financial assistance for durable medical equipment, respite care and information and referral services.

Your support greatly impacts the lives of the 20,000 people living with MS in our local communities in Southern and Central California and Nevada and the 140,000 family members and friends who love them. We are people who want to do something about MS NOW! Join the movement at www.nationalMSSociety.org/cal.

Sincerely,

Julie Kaufer
Chapter President

Dear Sample Czar,

Please accept our heartfelt thanks for your wonderful donation of \$200, which we recently received. Your assistance means so much to us, but even more for the current and future generations here on Moloka'i. Your generosity makes it possible for us to continue preserving the special places on Moloka'i, including its unique ecosystems, cultural sites, traditional lifestyle and education opportunities. We could not do all this and more without your support.

We want you to know that your generous donation truly does make a difference. Donations like yours allow us to maintain the good work that has already been started, implement new projects, and plan for the future of these lands. Among our many accomplishments, this past year saw dune restoration and deployment of Laysan Albatross decoys at Anapuka on the Mokio Preserve, dune restoration at TNC's Mo'omomi Preserve, partnerships and projects initiated with The Nature Conservancy, & the US Fish and Wildlife Service, USFWS National Wildlife Refuge System, American Bird Conservancy, and others, a surge in service projects with the local schools, archaeological site maintenance at Mokio, and improvements to the MLT nursery. But, the biggest news of the year is construction is underway on the first phase of our new Operations and Service Learning Center located in Kualapu'u! We will also be completing our new nursery facility on this site in 2018.

It is with friends and supporters like yourselves that make it possible for us to continue the stewardship and preservation of the places that make Molokai so special. We are honored that there are others who share this vision for the future of this special place.

We welcome you to come and experience what we are doing at Molokai Land Trust, please call (808) 553-5626 or email butch@molokailandtrust.org to schedule a site visit.

Mahalo & Aloha,

William Haase, Executive Director
