Lung Cancer

July 2, 2014

Mr. Doug Lowell
Sample Czar
1850 Industrial Street, Suite 514
Los Angeles, CA 90021-1263

Dear Doug:

On behalf of all of us at Uniting Against Lung Cancer (UALC), it is with great pleasure that we welcome you to our family of supporters and thank you for your generosity. Donors like you are essential to UALC's mission to fund innovative research and raise awareness to find a cure for lung cancer.

You may ask, what separates us from other lung cancer organizations?

UALC funds innovative ideas that have potential to make a lasting impact on patients' lives, ideas that would otherwise go unfunded and unexplored. Though lung cancer is the leading cause of cancer death, federal funding for lung cancer research remains low in comparison to other cancers. Our organization aims to fill that gap, funding research to improve treatment and survival for people fighting lung cancer.

Your support has allowed UALC to:

- Fund over \$1.5 million in innovative lung cancer research grants in 2013, bringing our total funding to over \$11.5 million since 2003 and resulting in over \$57 million in follow-on funding for promising projects.
- Support translational and clinical work that have contributed to tangible impact for patients today, including new clinical trials, improved guidelines for patient care, and newly approved treatments to fight the disease.

With your help we are making progress. Lung cancer patients are living longer because of people like you, but our work is not done! The fight for a cure is still an ongoing journey that can only continue with your support, and we thank you for allowing us the opportunity to carry our mission forward.

If you have any questions or would like to learn more about UALC, please visit our website at www.unitingagainstlungcancer.org or email us at info@unitingagainstlungcancer.org. We hope to continue to grow our relationship and keep you apprised of the progress being made. Thank you again for standing with us as we search for a cure and we wish you a wonderful summer season.

Sincerely,

Anastasia Hagan, MPA

Honor Your Loved Ones

Most of us know someone who has had cancer, or perhaps you have battled this disease yourself.

Story by story, person by person, the American Cancer Society Mosaic is capturing **your courage** – and the courage of your loved ones – to join with a larger "mosaic" of hope for a world in which cancer no longer threatens those we love.

When Fe's mom was diagnosed with colon cancer, Fe created a Mosaic page to honor her spirit. Fe writes,

"It is almost unfathomable that such love, bravery, and vigor for life can be contained in any human being, let alone such a petite woman."

Fe's Mosaic page has raised more than \$1,200 to fight cancer – and allowed friends to **celebrate** her mom and share how much she means to them.

To honor the cancer fighter in your life, visit cancer.org/mosaic to create your page today. It takes just a few moments to set up your page, but the memories and tributes are timeless.

Dear Mr. Lowell:

On behalf of all of us at the Parkinson's Disease Foundation (PDF) and the people we serve, I want to thank you for your generous gift of \$1,500.00 which we received on 12/31/2013.

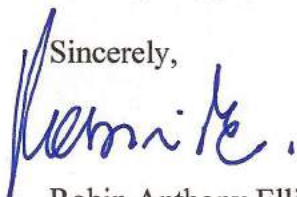

At PDF, we see our task as improving the lives and futures of people with Parkinson's by sponsoring research of the highest caliber; providing pertinent and authoritative education to people with Parkinson's and the professionals who serve them; and advocating for them wherever this can make a difference, be it in the corridors of government or the councils of science and the professions. To this end, I am pleased to report that more than 80 cents of every dollar that you give us goes directly to support these programs.

We understand how important it is that we continue to earn your confidence, and I am proud to report that PDF enjoys the highest ratings from the agencies that rate charities on their effectiveness, performance and integrity. These include the Charity Seal of Approval from the Wise Giving Alliance of the Better Business Bureau (BBB); and a grade of A from the American Institute of Philanthropy (Charity Watch).

At PDF, we always welcome the opportunity to speak with the people who support our research and other programs. If you would care to contact me via telephone (800-457-6676) or email (relliott@pdf.org) at any time, I would be delighted to have the opportunity of briefing you on our work.

Thank you again for your wonderful support. Together, we can find a cure!

Dear Sample Czar,

As the Vice President of Development & Marketing for Free to Breathe, I often hear the familiar story of a family whose lives are turned completely upside-down by a lung cancer diagnosis. But increasingly, I also hear another story: one of courage, determination and survival, made possible because your support is reaching the families who need it most.

Thank you on behalf of each person who:

- finds a new potential treatment on our website when they thought they had no choices
- recognizes a symptom after seeing our materials and is diagnosed early
- receives better care because their doctor had access to training we provided
- is inspired by meeting fellow survivors at one of our events

And thank you for each moment a family affected by lung cancer shares feelings of joy and hope because of research-fueled improvements in treatment.

Every new diagnosis marks the beginning of a shared journey between patients, their families and healthcare teams. Your support helps guide everyone on these journeys away from paths of fear and confusion, leading them instead down paths of hope and survival.

Together, we're building the promise – made to hundreds of thousands of families across the country – of lifesaving treatments and cures.

Through your honorarium of \$100.00 for Stephanie Haney, which was received on February 4, 2014 to the National Walk Free to Breathe event, you're helping turn our vision of doubling lung cancer survival into a reality. Thank you.

You have our sincerest gratitude for your generous contribution, and for the hope you inspire.

With heartfelt thanks,

Dear Mr. Lowell:

On behalf of all of us at Uniting Against Lung Cancer, thank you for your generous contribution of \$200. Your support will expand our mission to fund innovative research and raise awareness to find a cure for lung cancer.

Did you know...

- Lung cancer is not just for smokers. More than 60% of those newly diagnosed with lung cancer are non-smokers or former smokers.
- Lung cancer is the #1 cancer killer among men and women in the United States. Over 226,000 people are newly diagnosed with lung cancer each year and more than 160,000 patients will die from this devastating disease, more than colorectal, pancreatic, breast, and prostate cancers combined.

Since 2003, we have awarded over \$11.5 million to the brightest scientists in the field. Work funded by UALC has impacted currently approved treatments for many lung cancer patients and has led to a number of ongoing clinical trials testing new therapies. With your support, we will be able to make critical strides in lung cancer research, improving patient treatment options and survival rates for the 226,000 newly diagnosed lung cancer patients this year.

We are honored to have your support in joining with us to conquer lung cancer.

Sincerely,

Anastasia Hagan, MPA

Dear Mr. Lowell,

I would like to extend our sincere thanks for Sample Czar, Inc.'s generous \$300 gift. We greatly appreciate your commitment to helping those living with or at risk for lung cancer. Every dollar is used wisely and effectively to advance our mission of ending injustice and saving lives today through an alliance of advocacy, education and support.

In record time, we have achieved what few thought possible that will bring about the most profound, life-saving change for our disease:

- Passing of first-time legislation making lung cancer a national public health priority, adding to the nearly \$70 million secured to date in public health research funding.
- Mainstreaming of scientifically-proven low dose CT screening for those at high risk that will accelerate research for all types of lung cancers.
- Igniting a positive national dialogue about lung cancer with an award-winning awareness campaign with 300 million impressions (NoOneDeservesToDie.org).
- Providing free support, information and referral services to thousands of families impacted every year.

Thanks to your generosity and belief in our mission, we will do so much more. Over the next several months, we will ensure that lung cancer remains a top public health priority receiving commensurate research funding; that medical facilities are using best practices for screening those at high risk; that newly diagnosed families have the help and support they need to improve outcomes; and conduct the next awareness campaign phase empowering the American public to take charge of their own health whether living with or at risk for the disease.

Again, we thank you for Sample Czar, Inc.'s support that makes our work possible and during a critical moment when history is being made for our disease. Please continue to keep us among your philanthropic priorities and feel free to reach out to us at any time. We look forward to reporting our progress to you over the months ahead.

Sincerely,

Laurie Fenton Ambrose

Dear Sample Czar Inc.,

A lung cancer diagnosis is the start of a long and difficult journey, but because of caring people like you, patients and families are not alone. Thank you so very much for your generous donation to the Bonnie J. Addario Lung Cancer Foundation (ALCF).

Your donation helps us to empower, educate and support those living with lung cancer, ensuring that our programs and services are accessible and available free of cost to all. Your support also helps fund cutting-edge clinical research that will lead to new treatment options. And through our national events, you are joining with us to raise awareness about this disease that takes more lives annually than the other top five cancer killers combined.

Every month when we **BRING HOPE HOME** through our Lung Cancer Living Room Support Group sessions, we see your donation in action. In this open forum top physicians and researchers share up-to-date information and answer questions on diverse topics (early detection, treatment options, personalized medicine, genetic testing, clinical trials). From our living room in San Carlos, CA to homes worldwide via Ustream, these interactive sessions let patients and families tap into sharing and caring at a critical time in their lung cancer journey.

Our 145-page **Patient Handbook** -- Navigating Lung Cancer: 360° of Hope -- is another way your support makes a difference. This first-ever comprehensive guide specifically devoted to addressing the needs of lung cancer patients is a living document (in print, on-line, as an app) with on-going updates to include the latest advancements in care.

Whether newly diagnosed, experiencing a recurrence, or stable, patients and their families still need support. As THE patient-focused voice relentlessly working to increase the survival of people worldwide, ALCF is on a journey to make lung cancer a chronically managed disease within 10 years, and ultimately, a curable disease. We are honored, grateful, and inspired to have you on the journey with us. Together we can and must achieve this goal. Many thanks!

Sincerely,

Dear Friends,

Thank you for the donation of **\$500** received by the National Parkinson Foundation Heartland. Your generous gift allows us to continue important work to improve the quality of life for people with Parkinson's disease through programs, education, advocacy and research in Kansas and Missouri.

Each year, Foundation events and individual donations help us to raise funds that are used to provide important programs and services throughout Kansas and Missouri for people with Parkinson's disease and their caregivers. NPF Heartland also provides continuing education programs for health care professionals. Without your help, we could not serve those in the community who have been affected by Parkinson's disease.

On behalf of our Parkinson community and those who will benefit from your gift, thank you for your generous support. Your gift makes it possible to provide help for today and hope for tomorrow. We are grateful!

Sincerely,
