To Whom It May Concern ,

Thank you for your recent gift to Amazima Ministries. Your gift, detailed below, allows us to partner with you to be the hands and feet of Jesus to many vulnerable children and families in Uganda.

3/2/2015      \$100

We are so thankful for your generosity. Please know that your gifts provide more than food, education, and medical supplies to those in need in Uganda. Yes, your gifts provide all of those, but more than that, your generosity provides HOPE. And that HOPE is found only in the good news of Jesus Christ!

Food fills the stomach for a moment and knowledge fills the mind for a lifetime, but it is the HOPE of the gospel that gives eternal life. It is the HOPE of the gospel that defeats the enemy. It is the HOPE of the gospel that brings light to the darkest places. And it is because of the HOPE of the gospel that life overcomes death.

As we celebrated Easter, we were once again reminded of the source of our HOPE in our resurrected Savior. He alone is our HOPE, yours and mine... and for those we serve in Uganda.

Bible teacher and theologian, Chuck Swindoll, said, "The devil, darkness, and death may swagger and boast, the pangs of life will sting for a while longer, but don't worry; the forces of evil are breathing their last. Not to worry...He's risen!"

He is RISEN indeed!

April 7, 2015

Dear Mr. Lowell:

This Fall, the family of one of the kids we work with at Lombardi held a bake sale. During a recent clinic visit we were presented with the proceeds, and this heart warming 'thank you' card. That smile is all the thanks we need, and would not be possible without generous contributions like yours. Your donation in honor of Bonnie Christensen will be put to good use.

On behalf of our Board, I want to thank you for your support of our work to help young cancer patients cope with the emotional stress and trauma imposed by cancer and its treatment.

Thanks to friends like you, we will be able to continue our programs at Georgetown University Hospital's Lombardi Comprehensive Cancer Center, the main campus of Children's National Medical Center and its PSV Clinic in Fairfax, and Methodist Children's Hospital in San Antonio.

As requested, we have sent a letter to Melissa Fisher to acknowledge your thoughtful donation in Bonnie's honor.

Please let us know if you have any questions or if we can be of any assistance.

Sincerely,

Dear Sir or Madam,

***Together we made a difference!*** On behalf of the Board of Trustees and staff of Aid for AIDS of Nevada (AFAN), we thank you for your donation of \$25.00 to AIDS Walk Las Vegas 2015. More than 6,000 walkers participated in the 25th Annual AIDS Walk on April 19<sup>th</sup> at Town Square. We are delighted to report that we raised a total of over \$400,000!

Your support will help our programs continue to improve the lives of over 3,500 men, women and children affected by, or infected with, HIV/AIDS. Our programs support people living with HIV/AIDS by helping them manage their lives, manage their disease—and give them a better chance of being integrated back into the community, back into the work place, back into lives with a future.

We value your support in making our important work possible. Caring people, like you, have enabled AFAN to fight HIV/AIDS in our community for 31 years. Only with your involvement and support can we truly ***continue to make a difference.***

With my warmest regards,

COLORADO SPRINGS

April 27, 2015

Mr. Douglas Lowell  
Sample Czar Inc.  
1850 Industrial Street, Apt. 514  
Los Angeles, CA 90021

Dear Mr. Lowell,

On behalf of the Board of Directors of the Colorado Springs Osteopathic Foundation and most importantly our grantees and scholarship recipients, please accept our heartfelt appreciation for a most generous gift of \$100.00 made on behalf of Sean Wyman on April 8, 2015.

Your gift to the Colorado Springs Osteopathic Foundation has an exponential impact. By supporting our Foundation's work you are investing in the lives of many of our community's most vulnerable citizens. Since the inception of our private Foundation status six years ago, we have provided \$965,000 in grants to improve the lives of many children and adults in El Paso and Teller counties. Furthermore, we have provided \$243,000 in scholarships to Osteopathic medical students from Colorado with the goal that once the recipients complete their education and training they will return to Colorado to practice medicine.

Your donation may be tax-deductible. Note that as a private foundation, contributions representing up to 30% of your adjusted gross income may qualify for a deduction. The Internal Revenue Code requires a receipt to substantiate a charitable donation. Please keep this correspondence as a receipt for your records. No goods or services were provided to you for this contribution.

Booker T. Washington is known for saying "If you want to lift yourself up, lift up someone else". Through your generosity you help our Foundation do just that for our community's less fortunate citizens and our scholarship recipients.

May you always enjoy happiness and the best of health.

Dear Sample Czar Inc.:

On behalf of the Melanoma Research Alliance (MRA), I would like to express our sincere appreciation for your \$200.00 donation. Your contribution will provide critical resources to fund and fuel an accelerated pace of scientific discovery and translation.

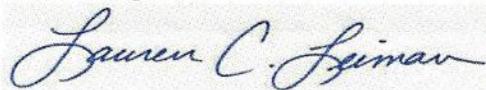

MRA seeks to impact the lives of the nearly 80,000 Americans who are newly diagnosed with melanoma each year, the 9,700 Americans who die each year from melanoma and the millions who are at risk. Your generosity brings us one step closer to achieving our ultimate goal of accelerating the pace of scientific discovery toward a day when no one suffers or dies from melanoma.

Finally after decades of little progress, there is now extraordinary hope that we will soon defeat this disease. Together we are transforming the field of melanoma research.

Due to the generosity of MRA's founders, one hundred percent of your contribution is used to support our scientific program. We deeply appreciate your interest in our mission.

Thank you for your gift.

Dear Mr. Lowell,

The staff, students, and board members at Donald W. Reynolds P.A.R.K. (Positive Atmosphere Reaches Kids) appreciate your recent donation of \$300.00. These funds will help secure the future of P.A.R.K.

Oh my how time flies. This year, P.A.R.K. will be celebrating our 20<sup>th</sup> anniversary. Graduation will be held on Friday, May 22, 2015 at 6:00pm. Please mark your calendars to witness for yourself the rewards of our students. In the book of Isaiah 40:29-31(NLT) reads, "He gives power to the weak and strength to the powerless. Even youths will become weak and tired, and young men will fall in exhaustion. But those who trust in the Lord will find new strength. They will soar high on wings like eagles. They will run and not grow weary. They will walk and not faint."

Our prayers are that you continue to believe in P.A.R.K. and its mission. We are blessed to have friends like you who are thoughtful enough to partner with our organization.

Once again, thank you for your donation and remember to come to our 20<sup>th</sup> year celebration on May 22<sup>nd</sup>. We invite you to visit our website, [www.positivekids.org](http://www.positivekids.org), to learn more about our program.

Sincerely,

Dear Friends:

We wish to express our sincere appreciation for your donation in the amount indicated below. This will be used to support the furtherance of the work Jesus Christ described. He said: "In all the nations, the good news has to be preached first."—Mark 13:10.

Reaching the hearts of people "in all the nations" requires publishing the Bible and Bible-based literature in their *native* language, which speaks to the heart. For instance, a young girl living in an isolated region of the state of Guerrero, Mexico, was asked by two girls who are Jehovah's Witnesses: "Do you want to be God's friend?" The young girl said she didn't think it was possible. Then the Witnesses showed her the brochure *You Can Be God's Friend!* in her native tongue, Tlapanec. She was amazed, since she had seen only government publications in her language. The Witnesses explained that this very publication was evidence of the Creator's love for her. She eagerly began reading and after the first lesson said: "I want to be God's friend. Can you get me a Bible?" When the Witnesses returned with a Bible, the girl's mother asked them to stay and teach them more. Their inner emotions were stirred by reading the Bible's message in their mother tongue. In 2014, some 3,100 Witnesses assisted with the translation work in over 130 countries. Jehovah's Witnesses have produced publications in about 700 languages.

All our activities, including the translation of Bibles and Bible-based literature into many languages, are supported by voluntary donations like yours.

With gratitude,

Your Highness,

Thank you for your gift of **\$25** to Project Inform. We are honored by your confidence in our programs and services, and grateful for your support as we advance our lifesaving mission.

Project Inform's work is intentionally focused on a comprehensive set of highly strategic activities that have the greatest likelihood of speeding both the HIV and hepatitis C epidemics to an end. With regard to HIV, we lead efforts to find a cure, educate newly diagnosed individuals about the benefits of early treatment, develop bold new ways to link increased numbers of HIV-positive people to care and treatment, and advance promising new forms of prevention using today's powerful HIV medications. With regard to hepatitis C, we have formed a new national telephone line to support people to make decisions about new medications that hold the promise of a cure, are supporting efforts to increase the number of Americans who know their hepatitis C status, and advocating with insurers to provide unfettered access to medications they consider too costly. And vital to ending both the HIV and hepatitis C epidemics, we are helping to lead efforts to make sure that national health care reform legislation approved by Congress in 2010 is fully and effectively implemented – so that all people who need medical care and treatment can access it.

The Board and staff of Project Inform take very seriously our responsibility to assure that our work respects the investment made in us by our donors. Our duty to you & our continuing determination to end the suffering caused by HIV and hepatitis C, assure the effectiveness of that work. Thank you for making us one of the organizations you choose to support through your philanthropy.

If you should ever have any questions or comments about Project Inform, please call me at (415) 558.8669 Ext. 220 or email [dvangorder@projectinform.org](mailto:dvangorder@projectinform.org).

Dear Friends,

I just heard that you have renewed your membership as a Crohn's & Colitis Foundation of America Research Leader – and I want to express how much I appreciate your generous support and commitment.

Your gift of \$1,300 on 11/18/2014 enrolls you as a Research Leader for 2015.

I know that I am speaking for the 1.4 million children and adults living with inflammatory bowel diseases when I send these sincere thanks. Our Research Leaders are critical to our ability to fund the most promising scientific research into the causes and processes of Crohn's disease and ulcerative colitis and provide education and resources to those living with IBD and their loved ones. Below are just a few of the programs your donation helps to make possible:

- **Research:** CCFA provides support for more than 197 grants. Recently, we launched CCFA Partners, a groundbreaking online research and education program. By completing a short, confidential survey about their current quality of life and providing occasional updates on their health, participants can shape researchers' understanding of IBD. Visit [www.ccfapartners.org](http://www.ccfapartners.org) to learn more.
- **Patient Resources:** Our IBD Resource Center will handle over 15,000 inquiries this year, answering questions and directing people to crucial resources, while our support groups and Community Website ([www.ccfacommunity.org](http://www.ccfacommunity.org)) offer patients a way to connect with others facing the same challenges.
- **Educational Programs** for patients and professionals, including webcasts featuring IBD experts, informational literature, and training programs to equip health care professionals with the resources to provide state-of-the-art care.

To learn more about these programs and initiatives, please visit our website [www.cdfa.org](http://www.cdfa.org), or contact us at 800-932-2423. Thank you for your loyal partnership in the fight against Crohn's disease and ulcerative colitis!

With warm appreciation,

Richard J. Geswell  
President & CEO
